

WASTE WISE

It's possible to save money and the environment at the same time. The Minnesota Chamber experts at Waste Wise have provided and secured more than a million dollars in rebates for companies who reduce, reuse and recycle waste. Waste Wise can help educate and train your company, and find ways to control waste costs and connect with grants to fund recycling program improvements.

WASTE WISE

WASTE WISE

Brake Bread – Brake Bread, a neighborhood bakery in St. Paul, had a goal for their new storefront: Meeting customer needs while producing as little waste as possible.

"Implementation was a breeze! I was surprised by how easy it was and Waste Wise was very helpful through the process. The challenges are minimal—remembering what is sorted where- but it was easy and definitely worth the effort."

Micah Taylor, Brake Bread.

Brunson's Pub – Brunson's Pub got a face lift in 2017. A new name and new ownership meant a new way of disposing of their food and other waste. After working with Waste Wise, they received a \$7,400 grant from Ramsey County.

"It feels really good. It doesn't take any more effort, just a little more thought on choosing the right container for your waste."

Thomas LaFleshe, owner

The Minnesota Chamber is a statewide organization representing more than 2,300 businesses – and more than half a million employees – throughout Minnesota. The chamber builds on its 100-year legacy as the voice of business by advancing public policy that grows jobs and the economy, and providing valuable services to members so they stay and grow in Minnesota. A business climate that allows for innovation and forward-thinking leadership will help grow the strength of Minnesota's economy for generations to come.
